

# Digital Parking Permits

Going paperless has never been easier.

Passport's Digital Parking Permits solution helps your enforcement and permits team easily manage compliance at the curb, saves you time and money, and eliminates unnecessary paperwork.

Built for municipalities and private operators managing their parking permit environment, our Digital Parking Permits solution easily monitors and tracks all your permit transactions at the touch of a button.

Passport's Digital Parking Permits solution also significantly reduces in-office visits and phone calls. Additionally, it allows your operation to leverage our integrated solutions, such as license plate recognition (LPR) enforcement\*.

## ..... CORE BENEFITS .....

**Saves Time  
and Money**

**Improves Customer  
and Staff Experiences**
