

In-Office Payments

Use unified processing for certified point-of-sale devices.

Passport now offers In-Office Payments, enabling you to use the same system to manage, view and reconcile transactions at any certified point-of-sale (POS) device.

As an expert in small transactions in the parking segment, Passport has discounted rates in place across all major credit card networks to help reduce fees, provide daily settlement, and offer other premium services.

With the highest level of security and stability included, Passport provides its clients peace of mind through a best-in-class payments solution.
